Metal

We present a series of collections that take metals as a reference. From pieces inspired in weathered steel, to surfaces where a rusted effect with shiny and matte textures create a unique structure.

Presentamos una serie de colecciones que toman los metales como referencia. Desde piezas inspiradas en el acero corten, hasta superficies donde los efectos óxidos con brillos y mates, crean una estructura única.

Wood

Ceramic wood allows us to work in finishes and textures of real wood, but with the technical features of the most advanced ceramic. Our collections offer a large range of possibilities in types of wood, formats, colors and finishes. The collections are completed with options for outdoor spaces and swimming pools.

La madera cerámica permite trabajar acabados y texturas propias del material natural, pero con las características técnicas de la cerámica más avanzada. Nuestras colecciones ofrecen un amplio abanico de posibilidades, en tipos de madera, formatos, colores y acabados. Las colecciones se completan con opciones para exteriores y piscinas.
